Kinetic Solar Rhino Mount

Revolutionize your solar installations with the Rhino Mount – engineered for unparalleled flexibility and efficiency. With the ability to run rails parallel or perpendicular to the eave of the roof, this mount ensures fast and cost-effective landscape installations.

Material

Hardware	Stainless Steel
Mount Body	Aluminum (Mill Finish)
Sealing	Butyl

Warranty

The Kinetic Solar Rhino Mount is part of the K-Rack™ product line which is covered by a 25-year limited warranty. See the warranty document on our website for more details.

Certifications

The Rhino Mount is permit-ready with pre-engineered regional drawings stamped by a local third party professional structural engineer.
The Rhino Mount is part of the K-Rack™ product line which is covered by the certifications above.

Key Benefits

Water Tight Seal

Equipped with two butyl gaskets and retaining steps, ensuring a tight and durable seal for ultimate protection.

Secure

Effortlessly connect to your trapezoidal steel roof using just 4 self-drilling screws or 4 lag bolts, providing a robust and durable connection.

Strong Connection

The Rhino Mount is designed to run the rails parallel or perpendicular to the seam of the trapezoidal roof (perpendicular to the eave), meaning that landscape installations can be faster and less expensive.

Critical Dimensions

Our commitment to excellence goes beyond words – we provide a true-to-scale picture of the Rhino Mount!

Cut it out with scissors and visualize its easy integration with your roof profile. If the mount fits it is compatible.

Kinetic Solar

Kinetic Solar is a North America-based manufacturer with 44+ years of experience. Our signature K-Rack product line is recognized within the industry for its ease of installation, superior quality, and useful features. Kinetic Solar is the trusted choice for any solar system.

The Specifications and key features contained in this datasheet may deviate slightly from our actual products due to ongoing innovation and product enhancement. Kinetic Solar reserves the right to make necessary adjustments to the information described here at any time.
We ask that any K-Rack product should be handled by qualified professionals during installation and that all installation instructions are followed as per our installation guide.
